Children's Education Advisory Service

Organisation Details

Description of activity

Children's Education Advisory Service (CEAS) is a tri-service organisation funded by the MOD. It was established to provide information and support to Service families and eligible MOD civilians on all aspects of the education of their children in the UK and overseas.

When children move frequently from one school to another or between different educational systems obtaining appropriate provision can be complex.

CEAS provides information and advice as well as supporting parents at meetings with schools, local authorities, at tribunal etc. No question is too small or too large for us to deal with. If we don't know the answer ourselves we usually know someone who does.

The CEAS Helpline is manned from 8.30am to 3.30pm, Monday to Friday. At other times, or when the helpline is busy, messages can be left on the answer machine or sent via email. Please ensure that your name, the name and date of birth of the child (if appropriate) and your contact details are left slowly and clearly.
