EnhanceAble Space is a high-quality respite house in New Malden for disabled people aged 18 and over. Here we offer flexible, person-centred short breaks that are focused on quality service delivery. A flexible form of respite: We are regularly praised by families and care managers for our ability to tailor support packages to the needs of each individual. This flexibility has made a real difference to the families we support.

A creative, active and supportive environment: Space often proves to be a 'breath of fresh air' for those who stay. Activities include jewellery making, cooking, trips out, spa evenings, film nights and parties.

Length of short break: You can visit the house for tea time breaks, overnight stays, daytime activities, or for longer periods.
