## Notes:

The Makaton Taster is a fun and practical session which provides experience in using signs and symbols.

With specific focus on preschool children, participants will learn 30 signs and symbols from the Makaton Core Vocabulary.

Attendees will also gain some general information about Makaton and how it can help develop language and communication skills.

During this interactive session, participants will have the opportunity to ask questions about Makaton and get in touch with a regional tutor who can provide further advice and tips on how to continue using Makaton in their setting.
