

Domestic Abuse Awareness - Supporting your community - Richmond Community Conversation Online

09

Dec

🕒 7PM to 8.30PM

📍 online .

Richmond and Wandsworth Councils are inviting residents to join our conversation to raise awareness of domestic abuse, discuss support offered and what is further required. We value your views and ask that, if you feel able, you complete the confidential questionnaire attached, in preparation for the conversation. The questionnaire is anonymous and will only ask for demographic information. Questionnaires need to be returned to

VAWGfeedback@richmondandwandsworth.gov.uk by Monday 29th November.

We recognise that Domestic Abuse is an extremely sensitive issue and there are many barriers which prevent people from participating, so we are grateful to those people who feel they can contribute to this discussion.

If you need support or further information regarding domestic abuse - go to the Council's information page on the weblink below.
