Play Works is a new exhibition by Turner Prize winning art and architecture collective Assemble and Assemble Play. Full of imaginative settings, props and loose parts, Orleans House Gallery welcomes you to explore the world of play!

Play Works is an invitation for children to play more and grown-ups to find out more about play. Play is timeless, ordinary and extraordinary. It is a defining feature of childhood and yet it is increasingly under threat. Play Works gives children the time and the space to do what they do best. This exhibition also gives adults the chance to explore play memories and advocates for richer play experiences beyond the gallery.

Everyone is welcome to come and play.
