Action attainment

Organisation Details

Description of activity

Action-attainment is about enabling children with speech, language, communication and sensory needs to achieve and have active lives. Led by Samantha Silver, the organisation builds on Sam's personal and professional experience of supporting children, and their families, to have fun and learn in and out of school. Action-attainment works directly with families, professionals, schools and with community groups to provide understanding, strategies and opportunities for learning, play and friendships.

The organisation also organises activity and sports sessions for children and their families during the summer. Look at the events calendar on this website or the Action-attainment website for details of their holiday events and courses.
